

General Operating Support 2016 Guidelines

Overview

ABOUT THE COMMUNITY FOUNDATION FOR GREATER ATLANTA

Since 1951, the Community Foundation for Greater Atlanta has been connecting donors, nonprofits and community leaders to strengthen the 23-county Atlanta region through philanthropy. As a top 20 community foundation of approximately 750 nationally, with \$920 million in current assets, Georgia's second largest foundation exists to connect the passions of donors with the purposes nonprofits strive to improve. Through its quality services and innovative leadership on community issues, the Foundation received more than \$113 million from donors in 2015 (unaudited) and distributed more than \$139 million that same year to support nonprofits throughout the region and beyond. For more information, visit: www.cfgreateratlanta.org or connect with the Foundation via [Facebook](#) and [Twitter](#).

At the Community Foundation, we believe in the power and potential of individuals and organizations to change communities, whether those communities are physical neighborhoods, a group of individuals with a common interest or a cohort of organizations focused on similar issues. We play a variety of roles, but our key goal is to be the connecting point for the various partners, nonprofit organizations and community leaders working together toward the common vision of stronger greater Atlanta region.

IMPACT AREAS

The Community Foundation for Greater Atlanta fulfills the passions of donors by investing in our region through grantmaking, partnerships and advocacy. To create meaningful, lasting change, our efforts align via measurable objectives through focused "Impact Areas." We practice what we preach – evolving beyond grantmaking strategies and industry jargon to real, tangible impact.

These five impact areas are our promise to the 23-county region - that in partnership with our donors, nonprofits and collaborators, we vow to make Atlanta a better place for all residents to live and thrive.

Arts

Community Development

Education

Nonprofit Effectiveness

Well-being

Arts >> Build a dynamic arts ecology to ensure all residents in our region will have access to high quality cultural experiences and diverse artistic programs.

Community Development >> Ensure that our region produces equitable economic growth, strong civic health and safe communities.

Education >> Improve outcomes and expand opportunities for all learners across the education spectrum, from early learning through post-secondary and workforce preparation.

Nonprofit Effectiveness >> Invest in the region's nonprofits with the tools and financial resources to effectively manage operations and high-performing programs.

Well-being >> Ensure a healthy, safe and engaged region, where residents have access to health care and nutritious food.

All of these impact areas are complex and multi-dimensional and require cross sector, regional collaboration: these are problems with solutions that cannot be achieved by any one entity. The Foundation has an extensive base of knowledge and relationships across the region, spanning diverse communities, populations and issues, making us uniquely poised to serve as a hub for impact.

ABOUT GENERAL OPERATING SUPPORT

General Operating Support cash grants are available to support an organization's ongoing administrative and infrastructure costs and to maintain existing, effective programs. Characteristics of successful applicants include: a clear vision of the organization's role in making a difference in the community, a demonstration of effectiveness through the investment of time and personnel in measuring and planning for success, and a written strategic plan that cover two or more years, includes goals and methods to measure effectiveness and is used to form an annual work plan. Support for general operating support comes from the Common Good Fund, the Metropolitan Atlanta Arts Fund and the Atlanta AIDS Fund.

These grants are very competitive. Grants will range from \$10,000 to \$75,000 for each 12-month period and may be awarded for 12 or 24 months. *Organizations can request no more than 10% of the organization's last completed fiscal year's expenses for each year funds are requested.* Each grantee will be asked to identify two or three areas of operations in which to focus on during the grant period and to report on progress and challenges in six-month intervals for organizations involved in the field of HIV/AIDS and 12-month intervals for all other organizations.

The Foundation's General Operating Support grants are directly aligned with our goal of strengthening the region's nonprofits. Grant awards are made based on a number of factors including those outlined on page 8 of these guidelines. The Foundation seeks to continue to support strong, sustainable organizations. In addition, we are eager to support nonprofits that hold great promise.

What is General Operating Support?

General operating support provides unrestricted funding to help support and maintain an organization as it pursues its mission. This type of grant is flexible and gives the grantee the ability to use the funds where they are most appropriate.

FUNDING PROVIDED BY:

COMMON GOOD FUND

While some donors set up their own donor-advised funds with us, other donors choose to support critical issues in the community by donating unrestricted dollars to our Common Good Fund. Donors who give to the Common Good Fund help us to meet the needs of our community today and for years to come.

This pool of unrestricted funds allows nonprofit organizations in our 23-county region to apply for grants through a competitive process. After a rigorous review process, and under the guidance of our Board of Directors, grants are made on the basis of community need and strength of the application proposals.

METROPOLITAN ATLANTA ARTS FUND

General Operating Support for the arts is provided by the Metropolitan Atlanta Arts Fund (Arts Fund) of the Community Foundation for Greater Atlanta. The Arts Fund was created to support independent small and medium-sized arts organizations located throughout the 23-county metropolitan Atlanta region. The Arts Fund provides resources to strengthen arts organizations with annual operating budgets under \$2 million.

Through its grantmaking, the Arts Fund responds to organizations that demonstrate artistic vibrancy and serious self-assessment, recognize the importance of evolving institutional planning and strong financial management for artistic and operational objectives, and illustrate a long-term commitment.

Guidelines

ATLANTA AIDS FUND

The Atlanta AIDS Fund (AIDS Fund) mission is to support metropolitan Atlanta's HIV/AIDS advocacy, prevention, education and service efforts through funding and leadership. Since 1991, more than \$11 million in grants have been awarded to organizations in the metro area.

The AIDS Fund is a collaborative funding partnership between the Community Foundation for Greater Atlanta, United Way of Greater Atlanta, The Allen Thornell HIV Care and Service Fund and Fashion Cares. The AIDS Fund is committed to funding *throughout* the 23-county region.

The AIDS Fund is overseen by an advisory committee that makes recommendations regarding policies, programs and grants of the AIDS Fund. The Board of Directors for both the Community Foundation for Greater Atlanta and United Way of Greater Atlanta review these recommendations and make the final approval of grants.

NOTES ON ELIGIBILITY FOR ARTS ORGANIZATIONS

It is unlikely that the following arts organizations or programs will receive a grant:

- Programs organizationally or financially connected to colleges, universities or religious organizations, even though the program may be operated separately;

In most cases, organizations must have received at least one grant from the National Endowment for the Arts, South Arts, Georgia Council for the Arts or a local arts agency in the two years prior to submission of an application.

NOTES ON ELIGIBILITY FOR AIDS ORGANIZATIONS

What's new in 2016?

The Community Foundation for Greater Atlanta has transitioned to having one cycle for all General Operating Support grants, which includes support from the Common Good Fund, Metropolitan Atlanta Arts Fund and Atlanta AIDS Fund. As part of the Community Foundation's exciting new strategic plan, Foundation staff has designed a new online portal that will allow the Foundation to capture information about nonprofits and their needs in one place. Organizations interested in being considered for funding will need to complete an Organizational Profile and the Common Grant Application. If your organization is chosen to proceed to the next stage of the process, you will be asked to submit a final Grant Application Supplement.

How are organizations evaluated?

Priority will be given to organizations that:

- Submit applications reflecting organization-wide planning and decision-making;
- Have a clear and articulated vision for implementation and success;
- Demonstrate a high value for diversity in all forms;
- Exhibit strong financial management;
- Demonstrate active use of a current strategic or business plan;
- Are continually updating plans and programs to reflect the current economy and community needs;
- Have engaged boards that contribute financially;
- Budget, evaluate and have stated goals for each program; and
- Partner with others for organizational efficiency.

How do I learn more about general operating support?

Prospective applicants who are unable to join the session are encouraged to review the online orientation session presentation (PowerPoint and audio) that will be posted on our website.
