Managing for Excellence

ABOUT THE COMMUNITY FOUNDATION FOR GREATER ATLANTA

Since 1951, the Community Foundation for Greater Atlanta has been connecting donors, nonprofits and community leaders to strengthen the 23-county Atlanta region through philanthropy. As a top 20 community foundation of approximately 750 nationally, with approximately \$955 million in current assets, Georgia's second largest foundation exists to connect the passions of donors with the purposes nonprofits strive to improve. Through its quality services and innovative leadership on community issues, the Foundation received more than \$135 million from donors in 2016 (unaudited) and distributed more than \$125 million that same year to support nonprofits throughout the region and beyond. For more information, visit: cfgreateratlanta.org or connect with the Foundation via [Facebook](#) and [Twitter](#).

At the Community Foundation, we believe in the power and potential of individuals and organizations to change communities, whether those communities are physical neighborhoods, a group of individuals with a common interest or a cohort of organizations focused on similar issues. We play a variety of roles, but our key goal is to be the connecting point for the various partners, nonprofit organizations and community leaders working together toward the common vision of stronger greater Atlanta region.

IMPACT AREAS

The Community Foundation for Greater Atlanta fulfills the passions of donors by investing in our region through grantmaking, partnerships and advocacy. To create meaningful, lasting change, our efforts align via measurable objectives through focused "Impact Areas." We practice what we preach – evolving beyond grantmaking strategies and industry jargon to real, tangible impact.

These five impact areas are our promise to the 23-county region - that in partnership with our donors, nonprofits and collaborators, we vow to make Atlanta a better place for all residents to live and thrive.

Arts

Community Development

Education

Nonprofit Effectiveness

Well-being

Arts >> Build a dynamic arts ecology to ensure all residents in our region will have access to high quality cultural experiences and diverse artistic programs.

Community Development >> Ensure that our region produces equitable economic growth, strong civic health and safe communities.

Education >> Improve outcomes and expand opportunities for all learners across the education spectrum, from early learning through post-secondary and workforce preparation.

Nonprofit Effectiveness >> Invest in the region's nonprofits with the tools and financial resources to effectively manage operations and high-performing programs.

Well-being >> Ensure a healthy, safe and engaged region, where residents have access to health care and nutritious food.

All of these impact areas are complex and multi-dimensional and require cross sector, regional collaboration: these are problems with solutions that cannot be achieved by any one entity. The Foundation has an extensive base of knowledge and relationships across the region, spanning diverse communities, populations and issues, making us uniquely poised to serve as a hub for impact.

WHAT IS THE MANAGING FOR EXCELLENCE AWARD?

The Managing for Excellence Award recognizes nonprofits that use excellent management practices and innovative thinking to drive impact within their organization and the communities they serve. Well-managed, high-impact nonprofits invest in their talent and infrastructure, implement tools for assessing their programs and collecting audience feedback, and seek out opportunities for innovation and continual improvement.
